8. The following code snippet will fail when executed. Which line will cause the error?

```
const nums = [3, 5, 7];  // Line 1  ✓
const sum = 0;           // Line 2  ✓

for (let i = 0; i < nums.length; i++) {  // Line 3  ✓
  sum += nums[i];        // Line 4     sum = sum + nums[i];
}

console.log(sum);        // Line 5
```
